Note, in general: When thread path is shown, the end without the arrow is where your thread is coming from in the beadwork. The end with the arrow is where the thread will be at the end of the step.

To begin:

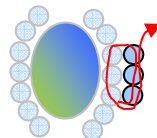

1. Take a length of thread that you are comfortable working with (8-9'). Stretch and condition thread. Then thread your needle.
2. Pick up (1) 6 mm crystal and (7) Seed beads and go through crystal as shown.

5. Pick up (3) Seed beads and go through three seed beads just added as shown.

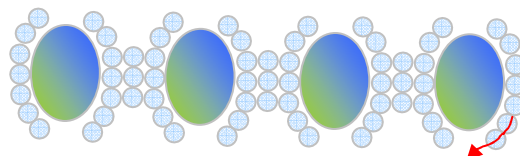

6. Pick up (2) Seed beads, (1) 6 mm crystal and (2) Seed beads. Go through three seed beads, two just added and 6 mm crystal as shown.

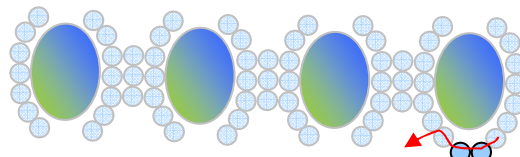

7. Repeat steps 3 thru 6 until you have added 14 crystals for a bracelet that will be approx. 7.5" in length (allowing for a clasp and jump rings). You will end with step 3.

15. Repeat step 14 for length of the bracelet.

16. Weave thread through as shown to add loop for clasp.
